

## Who We Are

Opportunity House is a nonprofit resale shop located in Northwest Bloomington. All proceeds benefit MCUM, a local nonprofit serving low-income residents of Monroe County. Shoppers looking for unique merchandise at affordable prices should start with Opportunity House!

## A History with MCUM

Opportunity House began in 1968 when Church Women United established a small nonprofit resale shop to benefit Monroe County United Ministries (MCUM), a local childcare and homelessness prevention center. Strong community support has enabled Opportunity House to serve as an important funding source for MCUM's programs, which benefit low-income residents of Monroe County. Additionally, MCUM clients in need of household items or clothing can receive vouchers to obtain these items at Opportunity House.
